Subject: Re: report and purchase request and upgrade ?

Why not place zorro office computer in bunk house since it is not used that often
If office computer is replaced please make sure it has boot camp installed
Thank you

installs going well
house switch done

8 airports done

3g is my focus this morning as the gps location will not activate on 2 nd unit (not working)

mono and I are going to town to meet with VALCOM today to get a clear proposal on service upgrades

purchase request:

5 more airports 180 each (coverage to back outside area off kitchen) cost \$900-1000 <<<<< this needed most for my job today

questions below

Do you want to upgrade the guest PC to a mac?? cost \$1600-1800 (at the bunk house)

Can we upgrade [REDACTED] admin machine a PC (at the office at ranch central) to a mac (\$2000)

PLEASE ADVISE

thank you

Scott
