Now that you have downloaded the mobile app to protect your device, you should also log in to the Lookout [website](#) to explore more great features:

- Manage all of your Lookout settings remotely
- Access all your backed up data
- Locate your device on a map
- Activate a loud alarm to find your device nearby
- Restore your data to an existing device

To learn more about how Lookout is protecting your device, view our [blog](#).

If you haven't already done so, don't forget to validate your email address:
