Subject: LSJ old RO unit

Jeffrey,

Just to bring you up to date on the sale of the old containerized RO unit on LSJ. TSG has offered \$40,000 for it.

I just got done talking to the person from TSG that is handling this and he will get back to me in a couple of days. I told him that price was too low and that we were looking for something in the neighborhood of \$65 to \$70 thousand and offered to do the shipping for them through Tropical so we can pass the discount price that we get to them.

Thank you

Emad Hanna
