Larry was in touch with the heli people regarding Tony and his girlfriend riding in heli to Hamptons and back. If the heli took them back to the city, it would cost you an additional \$7,200; they charge \$7200 each way. Do you still want the heli to bring them back to the city, or should we look into alternative ways to get them back?

Hi Larry,

I work in the flight operations office, alongside Dan and Joanna. We have our Summer Rate, as well as our regular charter rate. The summer rate for the Hamptons would be \$7200 each way, that includes landing fees. The only thing that would increase the cost would be tax, and "wait time". The "wait time" would be if passengers are late, at a \$1000 per hour.

I want to give you as accurate a quote as possible. Are these the numbers that you were originally quoted?

If we were to pick Mr Epstein, and additional passengers from the West 30<sup>th</sup> Street Heliport and go to East Hampton, that would be the \$7200 rate. Bringing anyone back from East Hampton would be the same rate for return.

I hope this answered your questions. Please let us know if we can be of any assistance.

Thank You,

Bob Masi

[REDACTED],  
this looks good.,  
could you provide me cost for this trip for one way drop?  
and also, if we decide to have two people join Mr. Epstein for the ride to east hampton,  
and then drop them off back at west side pad, how much additional will that be?  
thanks  
Larry

Hi Larry,

We have cancelled the return for you and modified the manifest for the pick up.

Please review for accuracy.

Thanks,
