Subject: electric ATV's

Jeffrey,
just some prelim work on Electric ATV's,. Polaris Ranger Electric side by side, with luggage bed in rear, similar to the Kawasaki Mule is a possible choice, I have driven that unit and runs smooth with good power,. however this is an interesting ATV its on Two wheel drive only, with a lot of torque: see web link,.

<http://www.ecoeatv.com/products/eco-electric-atv-gallery/>

will keep looking for other options,.
