Subject: Hello! Are you out there?

Hi Jeffrey,
How in the heck are you? Sorry I missed you in the VI over New Year's - we had a blast!!! Just love it down there. I'm enjoying DC, and had the Ambassador from the EU and his wife at my cocktail party on Saturday night (my apartment has an amazing view). Just love the conversations here (the world is a mess)...

A friend sent me an offer of some of Sean Parker's Facebook IPO shares (10 million min, 20 million max - appr. \$36-37/share) and thought I'd pass onto you, but more importantly an excuse to reach out and say 'hello'. The only thing I don't like is the lockup - 180 days. If you're interested, I'll send along the details.

Love you, miss you and hope everything is wonderful with you!!! Do you ever get to DC?

Love and Happiness, [REDACTED]

PS. Have 19 year old neice who will start FSU in fall, would love to get her in an exchange program in Dubai or Abu Dhabi in the next couple of years if you have connections.
