you're always ready to throw everything because of some 15 minutes and forget it. But why do not you remember how often it happened that we agreed to meet and you made me wait for you more than 15 minutes. And it was not once. The last time I went even when I was sick for you just to say "hello" to you. I Waited you for nearly an hour and even fell asleep from fatigue in chair. And you made me to do massage your feet, when I was so weak and powerless. You just do not appreciate this sincere attitude.
