Buck Steel recommend removal and replace as best course of action
This could be added to David's (Carpenter) scope of work, he is very familiar with
this type of work

Estimated cost for shed and doors \$33,911.00, this does not include shipping

Unfortunately it would require buck steel to do major design

Danny and I have reviewed drawings from Buck Steel
Please note that the existing bolt pattern that is in place will have to be
removed. and new anchors will need to be epoxied in
to match shed from buck steel

I assume that Jeffrey is ok with Door placement

Would recommend Forward
Any concerns please call
