So lame.

Begin forwarded message:

I'm sorry to say that university housing is limited to tenured and tenure track faculty. The Faculty Housing Office can recommend local real estate agents who may be helpful. Also furnished sublets from faculty on leave become available from time to time which you might find to be a helpful transition for your first semester or year at NYU. A sublet would allow you to explore the immediate area as well as the areas surrounding Manhattan before committing to a long term lease.
