**Subject:** Hanger floor coating

Jeffrey,  
 I have a price quote coming from this company for Bright White epoxy hanger floor,.  
 I will have color chart tomorrow for your review and photos, price will be based on Air Center's hanger of 60x60  
 its a three coat process:  
 web link: <http://www.polymax-us.com/>

Gary, do you think we are capable of installing this product in house?  
 thanks,  
 Larry

Emad: Ralph is my contact for pricing and shipping, his # [REDACTED]

Matching the right floor to the right application is a tricky process... But we can help industries, each with its own unique requirements. Below is a list of industries that you don't see an application like yours listed below, give us a call at **800.459.7659** and our representatives will be happy to help.

**Automotive Showroom and Repair Area**

Concrete needs protection from oil, grease, brake fluid and battery acid which provides resistance. Showrooms not only need to look decorative and appealing but also color stable to the UV exposure from windows and easily cleanable.

The preferred products for this environment are:

#### Aviation

Exposure to Skydrol, jet fuels and other aviation fluids as well as UV and heavy traffic requires a floor that can be easily maintained and allows spills to be cleaned with little harm to the floor. Large doorways need a floor resistant to ultra violet degradation from direct sunlight and remain color stable.

The preferred products for this environment are:
