Subject: i like seeing you

that kid was bright. super bright. and i'd love to hear more of your thoughts on the topic....
also, if you want to work with john crouch, let me know. he's really looking to do something
different.

i'll try to make headway on the interview in the next 2.5 weeks after my move and after my
parents come visit (btw, want to meet them?)
they come the 17th - 20th.
