Subject: list of operators StageIII kits
[stageIII.doc](#)

attached is list of operators that installed QTW stage III kits, incase you recognize anyone we can speak with directly.

The cost of engine overhaul next year has to be considered in this equation,. I could only estimate, \$450k per engine each next year, if we decide to overhaul our engines, starting price is \$225,000 ea plus damage and parts found during inspection.

thx
Larry
