Dear Bruce & Karen

This is a copy of a Bidder
I have for JE to Review.

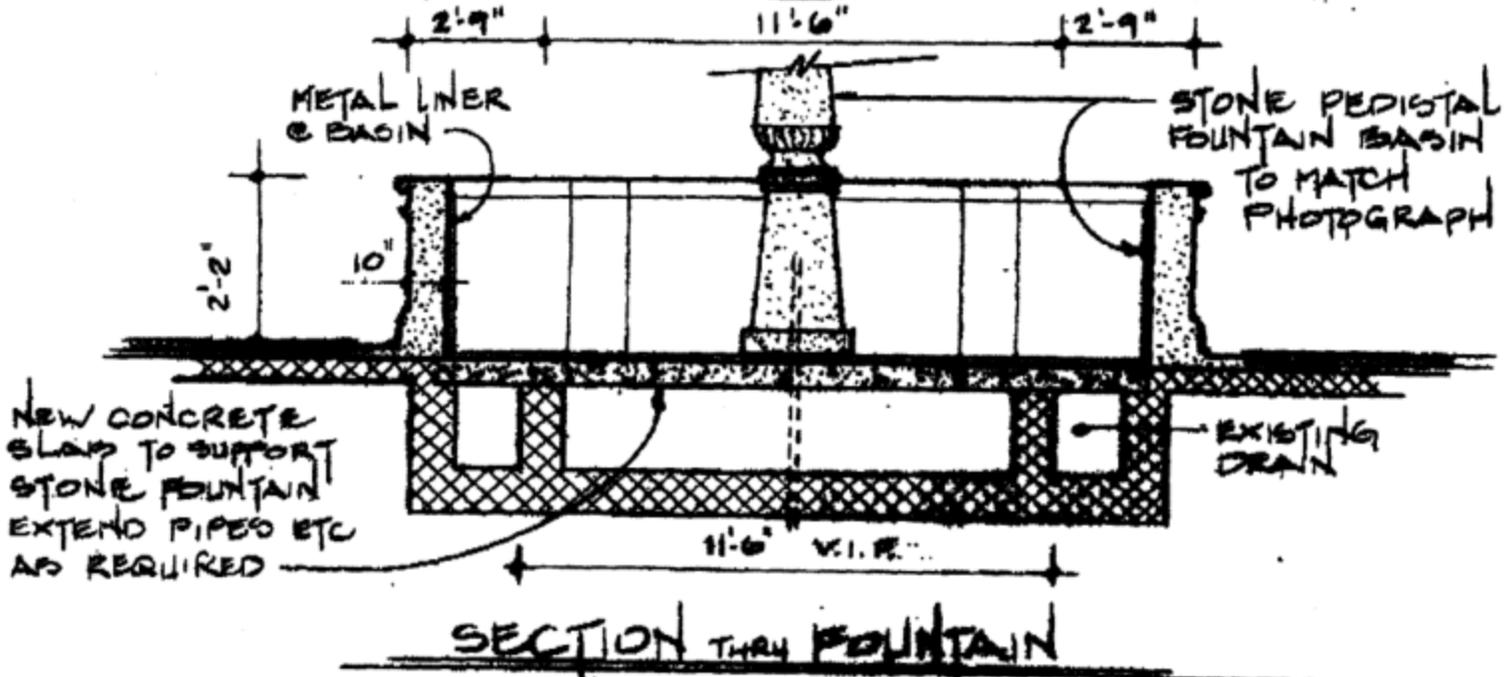

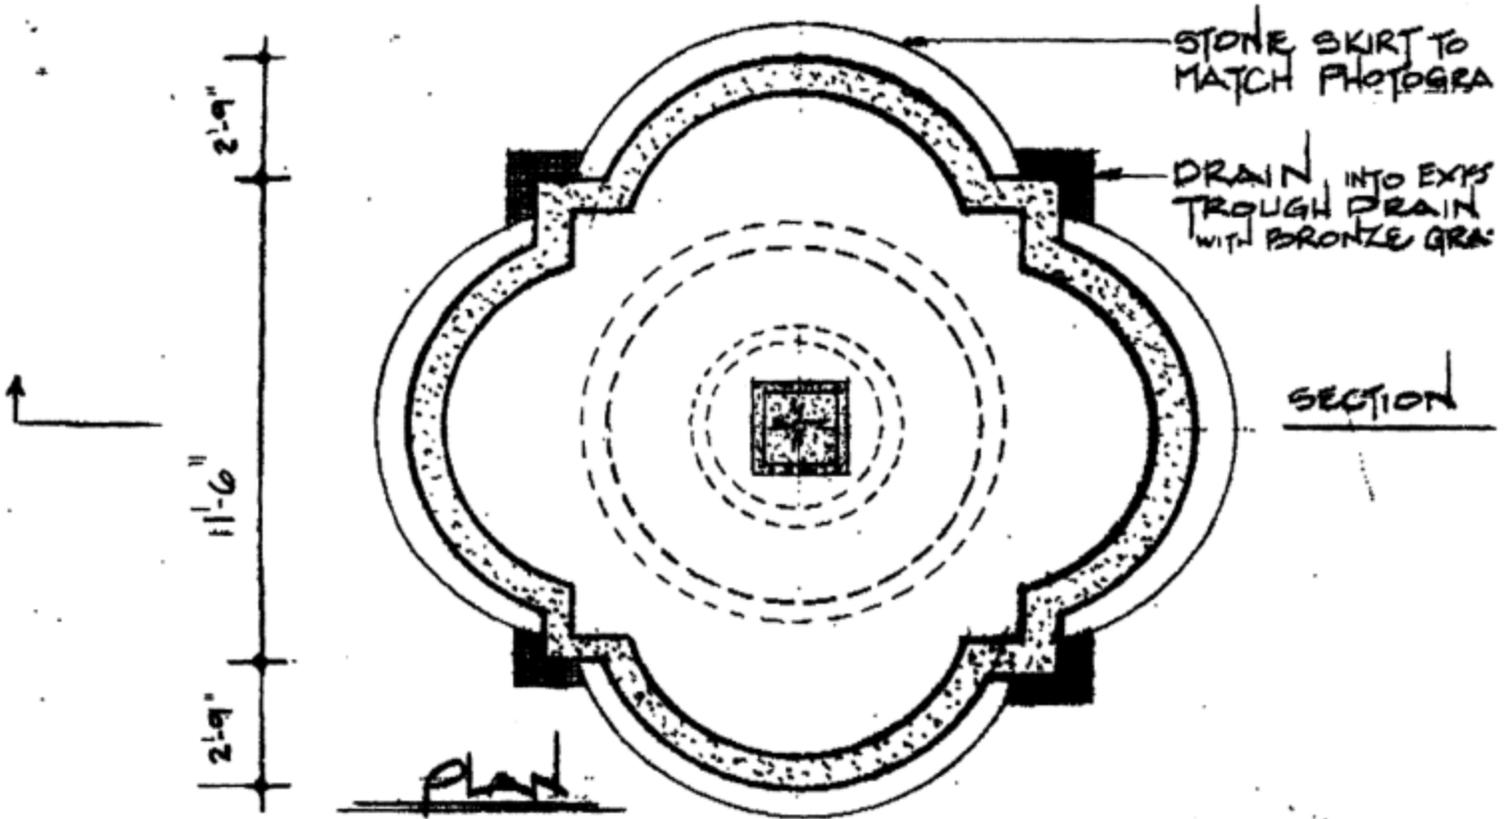

The Real Problem with the
Existing Fountain is that it is
Too Small. The Trench Drain
at its Perimeter Drains away
Half the House. The Real
Solution is to Remove the Existing
Fountain completely and start over.

I don't know what the fountain
should look like, most of the
ones out there are pretty awful

Regards

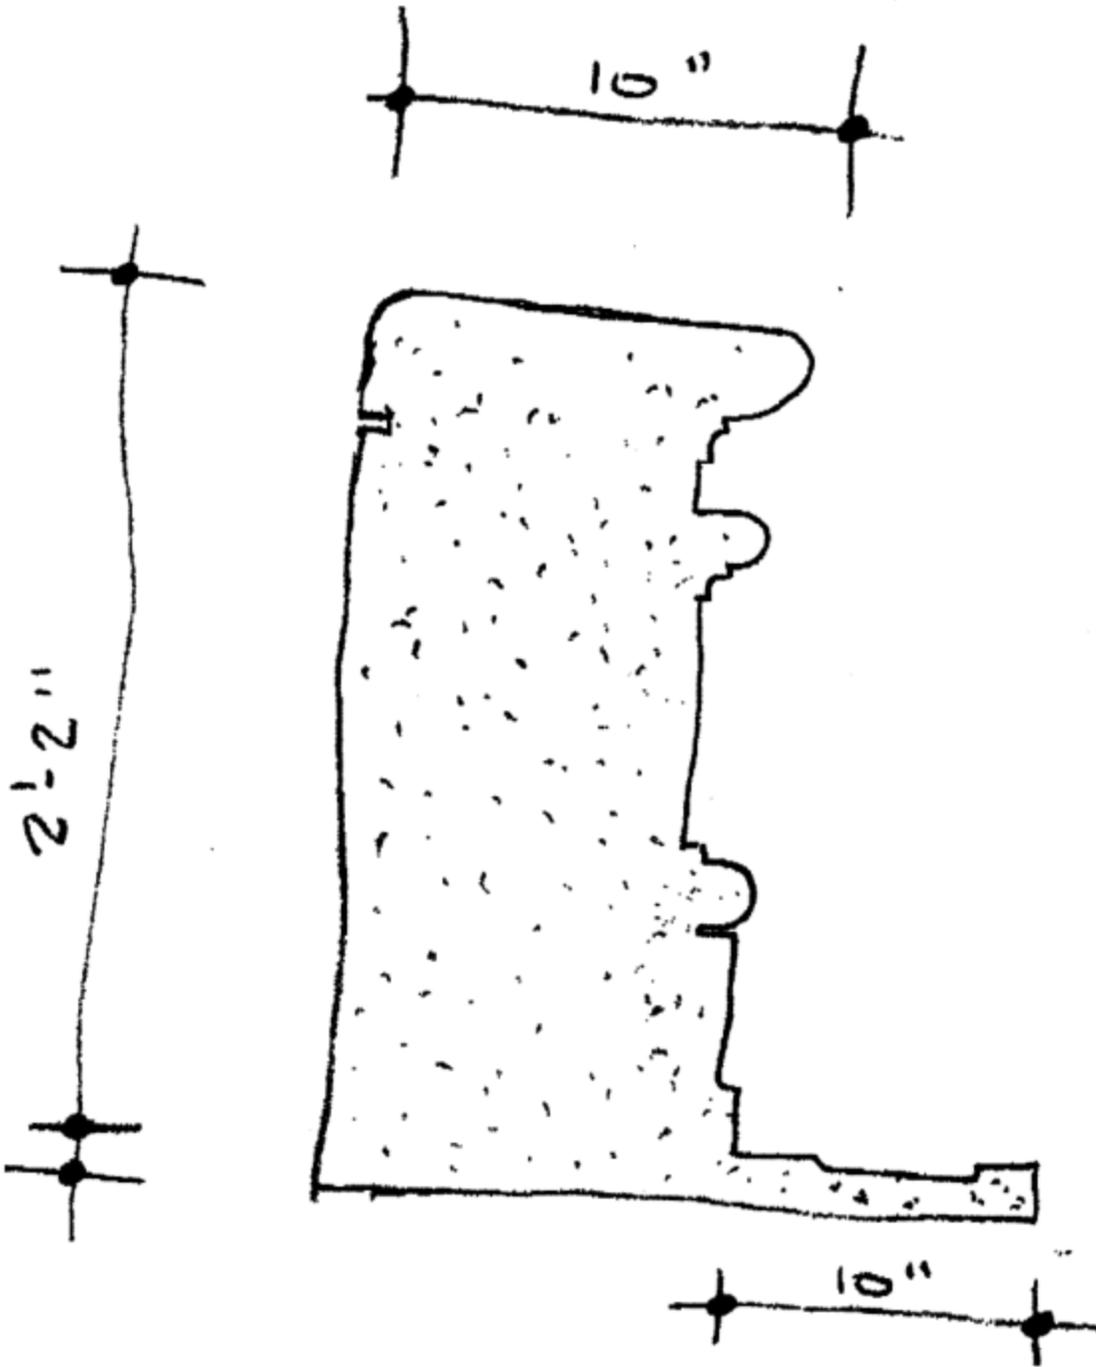

Jeffrey E. Epstein

Subject: Zorro Fountain

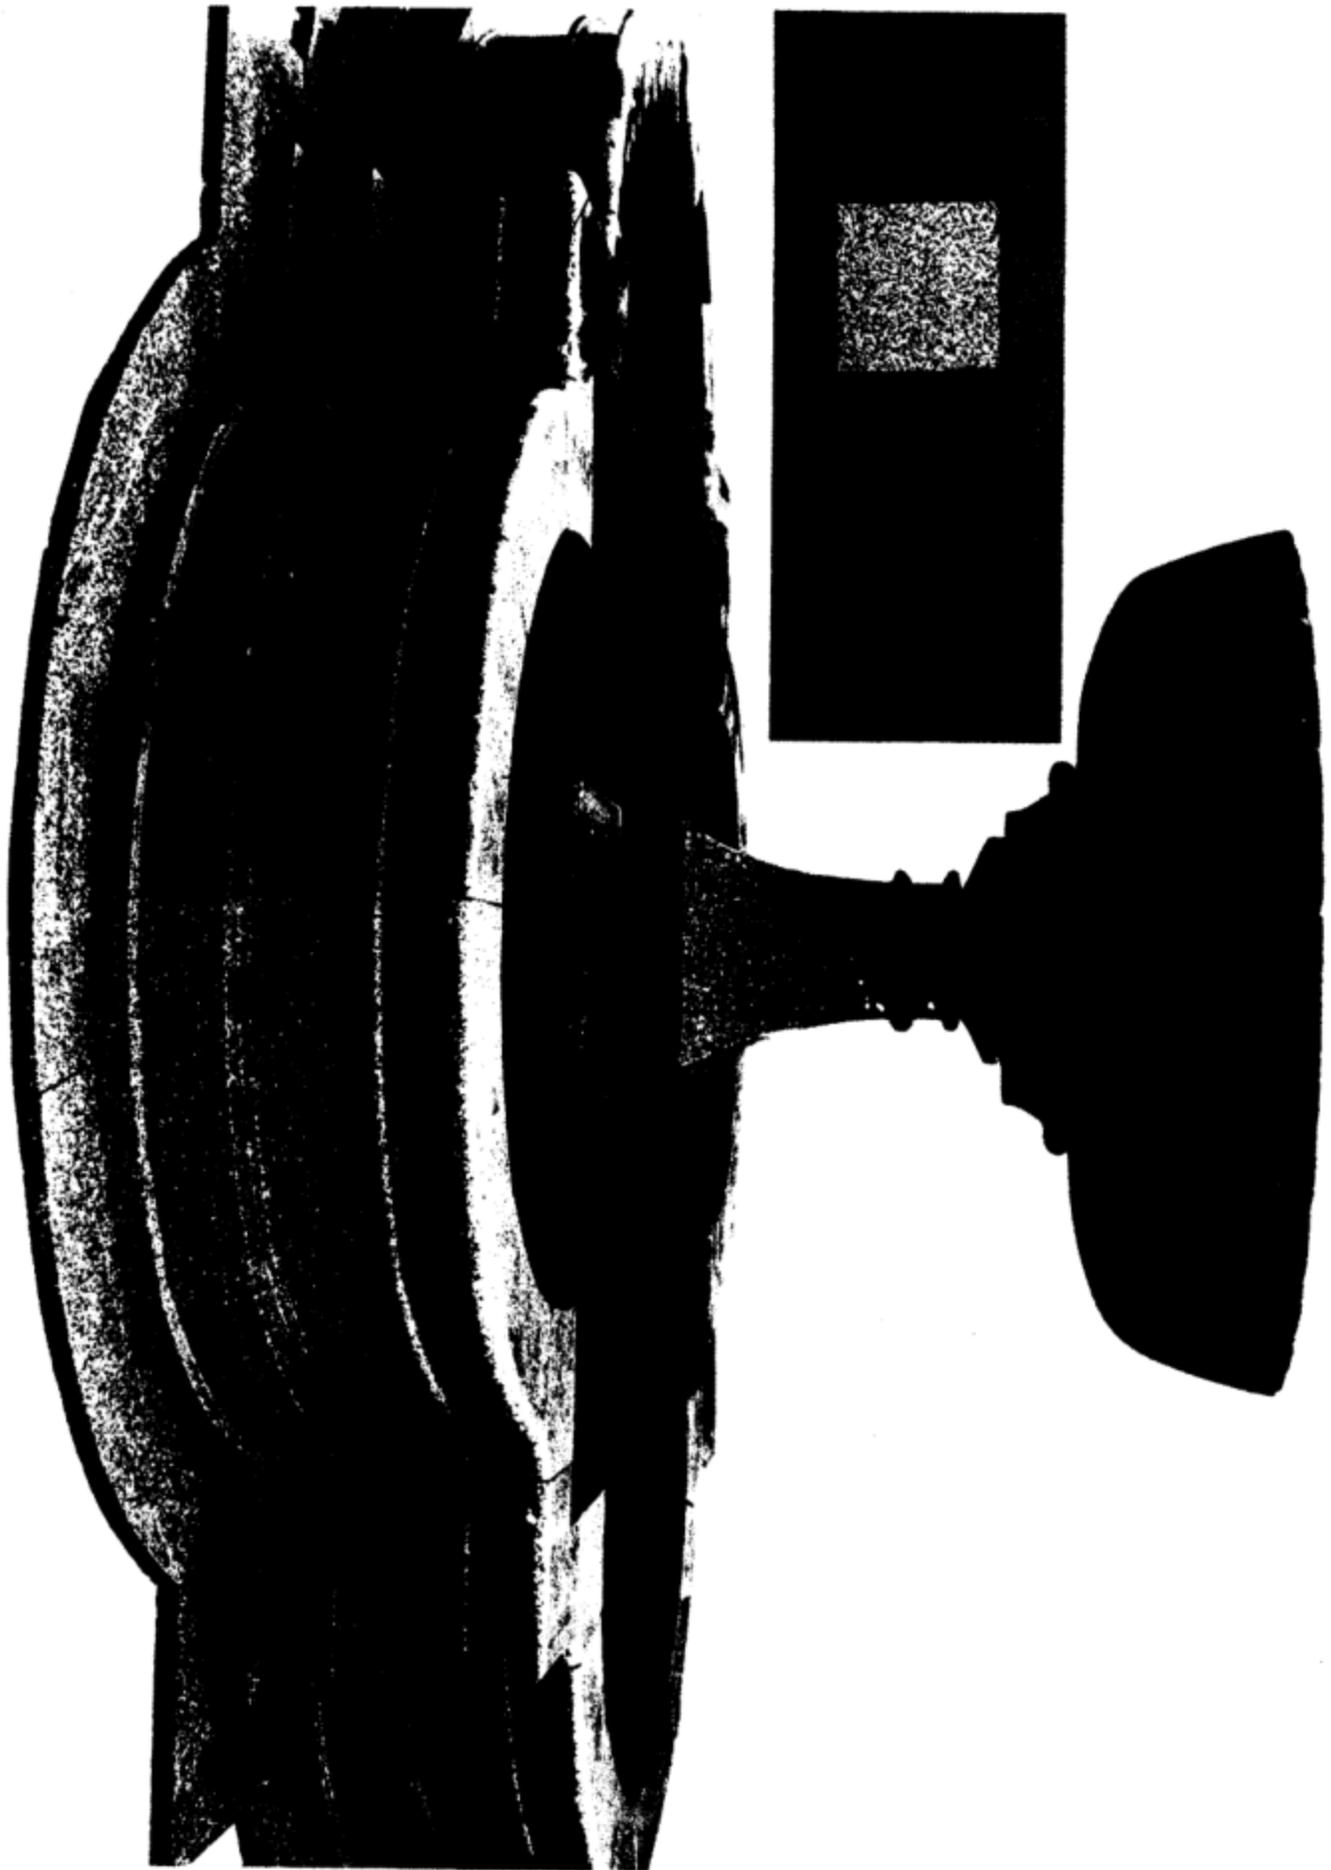

I spoke to JE about the fountain and the uncertainty of the stone color and he told me to go ahead with it.

Brice please forward me the signed contract and I will take care of the payment.

Thanks
