May I ask you about the properties in Spain ? I think you saw that now the prices for the houses are reduced by 50% and even more because of the crisis. Do you know where I could try to follow the updates of the future decrease or increase of the prices of the properties?

I am thinking to buy an apartment in Spain involving my parents in this deal and to resell it in 5-7 years hoping to gain money since real estate prices will be increasing at some point, when Spain recovers from the crisis
