*Good afternoon,*

*I have been in touch with Bobby Lemire from Diversified Yacht Services in reference to the cylinders for Big N, as of date yokes, housing and rods have been fabricated. They are working on the caps, planning to start putting the cylinders together on Thursday and if all goes well they should be completed and ready to ship by 9/25. Danny, Bobby will contact you when they are ready*

*If there are any questions or concerns please let me know*

*Warmest regards*
