Subject: Fwd: Garage Bins

I just spoke with Monique regarding email and Precise Trucking has asked Arran to fix this on numerous occasions yet nothing has been done
Please advise

Subject: Garage Bins

Good Day Brice,

I received a phone call from Precise Trucking - James Jones in regards to issues with LSJ garbage bins.

1. He has requested that a chain and hook be welding on the bin gates.
A) Presently only a strap is being used, which makes it difficult and time consuming to remove trash from bin
B) Transportation to and from the Bovoni dump while gate is only secured with a strap poses a high danger hazard, should the strap give way in traffic.

2. He also requested that the trash not hang on the outside or stacked to high in the bins, because the hydraulic tarp will not engage properly.

NB: Virgin Islands Waste Management Authority fines for trucks no being fully covered or dropping garbage or debris onto streets is \$1,000.00 minimum.

Please advise.
