Hi Peggy,  
OF COURSE WE'RE INTERESTED!!!! We'd love to have dinner with all of them. Just tell me when and where, and we'll be there! We're very excited! And I'm also dying to read your diary! I'm sure I'll love it. I already know I'll love the happy ending...  
Thank you.  
Michel  
P.S: Every time you send me an email, it's good news. Maybe you should write to me more often.

Michel...Hope you are well.

Have just finished my 6th Oscar Diary for the April issue of Avenue Magazine and The Huffington Post...Harvey has seen it and loves. As soon as I get the final edit today, I will send to you.

Woody is in Paris for two weeks with Soon-Yi and my friend Jeffrey Epstein, who is a brilliant American financier and a cool guy.

They all would like to invite you and Berenice to dinner Saturday night in Paris. Getting time and location.

Woody knows I gave you his PBS documentary and you like it. He has seen "The Artist" and loves it.

Nothing more to say, then I assume you will totally enjoy meeting each other.

Let me know if you are interested. xoxo Peggy Siegal
