Subject: Danny's list of projects and current staff - August 1, 2012

Greetings Mr. Epstein,

Danny's list of projects and current staff:

Landscapers: Tying down all palm trees for hurricane season - finishing the basket, Five Palms is next - complete 8/1, then securing shutters on all buildings

Peter St. Omer
Anthony Jules
Dupson Donnissaint
Ednor Montina
Guseneme Dalce
Onel Pierressaint
Renol Mede

Housekeepers: Following the schedule of cleaning protocol in place by Karen - Danny does daily walk throughs to check the a/c settings and lights

Basilia Mercado (Dulce)
Maria Rosario (Katie)
Reyna Amparo (Sandra)

Carpenters

Brian Bates - woodshop tunnel, dismantling the old desal, putting up the subwall in the old engineering office, addressing the Five Palms fire pit
Gregory Montina - temporary helper - with Brian's projects
Victor Amparo - temporary helper - with Brian's projects
Clement (Allangie) Clifton: doors and door frames for the 5 engineering bays, dock box table top, lay blocks at the Five Palms transformer protection shelter
Benford (Benny) Lewis: working with Clement

Mechanics

Sharimo Wheatley - today assisting with loading the batch plant for transport off island
Karl Henry - assisting the loading of the batch plant
Sheridan Elizee - keeping the boats cleaned, rust-free, maintaining the small landscaping equipment

Maintenance

Cuthbert Titre (Smiley) - maintains the pools, RO, small repairs to irrigation lines, record keeping of all the desal, generator maintenance records, vehicle maintenance

Helper

Guy Vicars - barge mate, assists in facility repairs, large plumbing repairs, will clean the bilges on Big N, complete a main water line upgrade, assist Danny

Painters

Gary Titre - finish Berm stone threshold, paint the woodshop tunnel walls, paint the Engineering bays walls, floors, shelving

Hilian Bedminister (TJ) - working with Gary

Jules - loading the batch plant today, continuing to smooth out the roads, will replace the Berm boulders when the stone threshold is complete, sifting dirt for topsoil

Felito Joseph (Little Buck) - general trucking, trash runs

Danny - Five Palms fiber repair, install breakers for a/c in mechanical desal, research transient surge protection, library bookshelf lights need low voltage transformers, genset wiring, rewire and Engineering shed 5 bays

Respectfully,

Daphne and Danny
