Subject: Barge Maintenance

as discussed

Bob from Island Marine Industrial is interested in maintaining the Barge (mechanically) on a monthly basis

the cost would be \$200.00 per month

This would involve inspecting all hydraulic systems, electrical, fluid levels, bilge, engines, running systems

any repairs would be billed @ 75hr for mechanic, helper @ \$25.00, plus material

Any repairs would require approval first.

I would recommend that Bob submit check list each month with invoice and repair/maintenance recommendations

do you approve?

Bob has also provided us with back up barge captains if Carlos is to busy to do runs

Cost of Captain \$250 per day and Barge Mate \$100 per day, Lester was asking \$350 per.
