Jeffrey,
I received this email from Carol's niece today, I did not answer her,
please advise if I should respond, she sent this email to me, and copied [REDACTED] at her work email address.
thx,
Larry

Hello Jeff, I contacted the housing office and asked them if/how we could pay
for the semester of rent instead of just one month of the semester. The messages
between the housing office and myself are attached below, along with the total
for the semester which is \$638 . They informed me that the money for the whole
semester can be put into my housing account and then subtracted monthly. The way
to put money into my housing account is to follow the link i previously sent you,
I will resend the link again tonight incase you cant find it. Thanks for all you
do! [REDACTED]

You can pay the entire amount either by going on line and paying it through your
finances tab or by calling the cashiers office at [REDACTED]. If you do pay it
online, although it only shows your monthly payment, you can pay the full amount
and it will be credited to your account and the account will take out each
payment as they are due. If you have any other questions or concerns, please
let us know at [REDACTED]. Have a great day.

Hello! The entire rent will not show up on your personal account summary, but the monthly amounts that you owe will show up. However, you can pay it all up front. The remaining amount that you owe for winter semester is \$638.00.

Let us know if you have any other questions or concerns! Have a great day!

My I-Number is [REDACTED]. Will we be able to make the whole semester's rent show up on my personal account summary, I already paid the first \$319, and would just like to pay the rest in a lump sum now. Thank you.
