Greetings Mr. Epstein,

I asked Danny if he was aware that the Beach office was to be renovated - complete electrical, waterproofing, painting, sealing, wood replacement, etc. He said he knew he would be involved, at least with the electrical. I did not ask him directly if he put it on his list of things to discuss with Brice regarding when the project should begin and the time frame for completion.

I am not sure who made the decision to fabricate the Engineering shed bay doors from lumber that was already on island versus buying ready-made doors, or lumber that did not require having to be milled, tongue-and-grooved, and the other steps that were so time consuming and labor intensive. The milling, fabrication of the frames, the doors themselves, fitting, priming, installing the hardware, hanging the doors, and the adjustments took little over a week. They had begun the door fabrication shortly before you directed Danny that you wanted the project completed in 10 days.

Respectfully,

Daphne

Greetings Mr. Epstein,

Attached for your review and changes is the Punch List, updated to August 10, 2012.

The staff was informed that [REDACTED] has returned and Danny is not in the role of Manager next week. I spoke directly to Danny, Carlos, Boscoe, Lester, Brian and Peter, informing them that they will report and follow [REDACTED] instructions next week. They understand that this directive came directly from you.

Respectfully,

Daphne
