Thank you so much and it does capture all key words.

There is only one thing I do not get – should I copy and paste a part of solution from the last email or should I let him come up with something.

I prefer the first option

I had taken your directives to heart and therefore delayed providing you a candidate solution to my financial requirements until I could craft one that matched all the needs you outlined in our conversation. i.e. 1. It should be fair,, 2. it should take as little of my personal time as possible as you did not want any deal to impinge on the job i was doing for you that you described as invaluable.3 It would not in any way penalize you financially, as it would be in your words amount to no more than a rounding error. I also believe that this fair arrangement would allow me to continue provide you with 100% of my deidication, . I am

very grateful for our friendship and the appreciate you taking the time to address this issue , .  
Thanks in advance.
