**Subject:** Questions arising from JE review of the Punch List - August 8, 2012  
[JE Punch List August 8, 2012.docx](#)

Greetings Brice and Danny,

Attached please find a copy of the punch list updated to August 8 for your reference.

After reviewing this punch list, JE has the following questions and directives for your responses:

1. The Five Palms Transformer protection shelter - JE was told it was being worked on two weeks ago.
2. What have Clement and Benny been doing for the last three weeks?
3. Any items on the island that look junky (the old ice maker, the trailer, etc.) should be removed.
4. "Kawasaki parts order submitted twice - awaiting direction". JE has not received it.
5. When will the firepit be repaired?
6. When will the dock box table be resurfaced?
7. The solar lights are not to be installed until JE arrives - he wants to oversee their placement

Kind regards, DW
