The exam outline is attached. The review material is too large to e-mail. I will put them on a flash drive if you can make arrangements to stop by and pick it up.

Or I can FedX it to you if you give me a delivery address and telephone #

Let me know.

Dr. L

Dear Karyna:

I would like to complete the skill assessments next week.

Is Friday April 13 at 8AM good for you. (Friday AM is the only time the lab is available).

The practical exam will take about 4 hours (8AM – noon).

The written exam (50 multiple choice questions on Diagnosis and treatment planning) would be in the afternoon from 1 -4 PM.

Attached is the outline for the exam and several study guides.

Let me know if the dates are OK.

Dr. R. Lichtenthal
