Just spoke to Scott. He things it is a great idea. AT&T changed the plan since he originally decided not to do it.

Thank you,
Bella

Per your request added tethering to JE AT&T mobile.
For security first put your password in on the mobile phone than connect to
tethering on your phone. You will find tethering icon on
your home page after you follow the instructions.

Thank you,
Bella

Hi Bella,

I found this great information on [AT&T's website](#) and thought it might be useful for you as well. Go [here](#) to learn more about how to put your device to work for you!

Sincerely,
Tiffany
