Jeffrey,

Attached is the Toy Stores contract for interior on Bell 430 for your approval, Darren is reviewing at this time also. The contract states a June 1st start date, however, Gary told me they will start as soon as the helicopter arrives in Fort Lauderdale and will work in conjunction with Edwards during windshield installation and barrier filter installation. Toy store is completing a full interior on a BBJ at this time, which is in Dallas getting maintenance completed. Note: Toy Stores interior shop an Edwards is located at same airport in Fort Lauderdale.

pls advise of changes to the contract ?

note from Gary:

I have to leave the contractual date as the 1<sup>st</sup> of June because of the magnitude of the Boeing project, however if we can start putting people on it earlier we will.
