Subject: FW: line of credit

Just to follow-up .

May I call you regarding securing the line of credit.

Thanks

Jeffrey

I contacted Sabadell United Bank regarding securing the line of credit for "MC2" with First Bank (currently the line of credit is secured with JP Morgan).

I was told that Sabadell United Bank will not accept a secured line of credit from First Bank. They will only accept the secured line of credit from JP Morgan or a bank

that is similarly rated to JP Morgan.

Please advise how I should proceed

thanks

Harry
