That's what she originally told me!

That she had to leave and she wanted to Sell everything as soon as possible!!!

I don't know??? I tried contacting her this week to see what changed, I haven't heard, back yet, I know she's been off island.

Good Evening,

Here are the pictures I took, and the detailed inventory/ price list she gave me.
I also have a Disc with pictures of these trees in full glory (fully grown)
that I can hopefully give you before you leave.

Most of her prices are with in the range prices, from Puerto Rico or Florida, for similar
pot sizes and plant types (3gal. palm for example)

The fact that there is virtually no, to considerably low transportation costs, since the
plants are on St. Thomas.

What is so unique about this opportunity is the fact that ALL of these plants are Native to
this region, AND grown Locally from seed, so they are THE BEST suited for our
unique climate conditions.

I was most impressed, with the;

- Sea Grape (Locally Grown from Local Seed!)
- Hard Wood Trees; Samaan, Black Olive, Monkey-No-Climb, Lignum Vitae
- Flowering Trees, the Yellow Tabby, Jacaranda
- Palms- True Caribbean Royal Palms, slightly different than the California {pacific
version} (SO BEAUTIFUL, and designed for Our High Heat and high Wind)
- Ground Covers

Almost all of what she has would be perfect for LSJ.
Check it out and we can talk about what you want to do.

Thanks,
Igala
