Subject: Boeing filming

Jeffrey,.

Universal Jet has contacted me with a possible Boeing trip,.

The new TV series "PanAm" is looking for a Boeing 727 vintage aircraft to use in filming some scenes in approximately two weeks, no flying, just filming inside and outside the aircraft, they need the aircraft in Farmingdale NY for four days for filming shoot.

No passengers on the trip, would require reposition from Palm Beach to Farmingdale NY only, I could check with Rich Kahn whether we could consider this a maintenance test flight that may be included in our ground insurance coverage, long shot,.or purchase flight insurance for trip,.

cost of operation

flight time: 5 hours 6,250 gallons of fuel cost \$4.98 Palm Bch fuel cost, \$31,125.00

Flight engineer cost: \$500.00 for four days: \$2,000.00

Co pilot (Rodgers) \$3,000.00 four days

Total trip expense estimate: \$36,125.00

I was thinking of \$12,500 per hour for Boeing operation: 5 hours = \$62,500.00 for the filming,
profit \$26,375.00 (or what ever number you think is appropriate?)

Are you interested in this ?

thank you,
Larry
