**Subject:** FW: L.S.J. Proposal - 2nd Pool  
VIRGIN ISLAND PROPOSAL1.pdf

here is the old pool replacement cost  
we could start in two weeks, Right after you're here and lay it out, and finish in 60 to 90 days if the deck and walls (blue and stone) and decking don't get complicated

in addition to barts costs we need to add our scope ie: elect, equip. room, deck, walls tile, stone, landscape walls to the east? will get a handle on this after you outline the scope of the finish site

our assumption is the west end is the same line as the old pool and the east end gets extended 60' which is about 3ft. short of reaching the little rock wall.

Gary,  
Have resent this. Don't think attachment went through on first try. Let me know if you have problems receiving proposal for second pool.
