Mary and I are great, thanks.

I assume you are asking about the original crusher, It was repaired several times to the point that the metal was worn and fatigued to the point it could no longer be repaired to crush your islands rock.I participated in the decision to get a new one.

I do not know of the disposal of the original unit or its scrap value.

I hope the dust has settled and you finally get to enjoy your Island, I did enjoy my involvement there with you and especially Zorro and New Albany as well.

Tell everyone hello for me especially Jules,I hope he finally got you a road to the Grotto

Gary
