Subject: dinner

Dinner with Bill confirmed for Monday night 1/31.

I will let you know the timing – depends on his flight – will know in a day or two.

But we will have at least of 2 hours of just three of us discussing various subjects. It will be fun.

I canceled Carla's function and got shit – but we can't make happy everyone, every time.

Sent you an email connecting with Philip. Also I had discussion with him. Contact him today and ask for a call. You will really like him!!!!

We should go in SF and visit him and second life.
