Jeffrey,

I sent this request last week. Arran just called and said they have enough premium for this week only.

If you want to wait on the diesel for now can we just get the approval for premium for now?
Prices listed below

Thank you

Subject: LSJ Fuel

Jeffrey,

LSJ has requested to fill up the tanks on LSJ with 17,000 gallons of diesel fuel which has been consumed because they would like to be at full capacity in case of any hurricane issues or power outage.

Current pricing is \$4.15 for diesel so that would total \$70,550
Also needed is the normal pickup of premium 3,900 gallons at \$4.20 per gallon totaling \$16,380

So this purchase will total \$86,930

We could get a lesser amount of diesel for now in case the price goes down but who know
it may go up as well?

So please advise on how you would like me to proceed

Thank you
