could you cut down the pipes on the towel rail so it would fit right outside the shower? If not, I can always order a smaller one. I think it would be nice to have right one right outside the shower, or else have the towels folded on a stool in that space outside the shower.

*Good Afternoon,  
Require answers to the following in the Pool Cabana  
1, 2, & 3 - heights of wall sconces?  
5, 10 - require location of towel rail, please note it is to long to have just outside  
the shower  
6, 7, 8 - only location is between the entry door and closet  
Please advise thank you  
Warmest regards
