I received your email and I must say I find it rather impolite.  
We are owed 12 816€ since January 2010 over a year ago.

Mr Epstein bought some items and he asked us to sell those items. We try to do our best and the remaining item to sell is the belts. Now we are still trying to sell them and we will reimburse Mr Epstein only when they will be sold, or we can send them back to Mr Epstein immediately.

I do not think it is normal for you to ask us the contrary.

So please pay us what is owed us and we will of course pay Mr Epstein as soon as we sell the belts.

Regards
