You were right. Bill was actually a lot of fun.. You should know that his highest praise for intelligence and outward pronouncements of affection, was directed at you.. He had told me , how much he actually missed you when you decided to leave Microsoft. (I wasn't sure if he partially blamed me for that). you had gathered , a group that stastically should not exist , of super smart people. and that though he recognizes that at this stage in his life he has few real friends and people that he can trust,, you were one of them
