Title: Re:LA/NY

I am Santa Barbara. Coming back tomorrow.
They were doing an MRI tonight. Neurologist reading it in the morning...I know nothing more...she is sedated...do not think she is going to come out of this. She has two "spots" on her brain...does that mean cancer in the brain. The cancer doctor said if they give her radiation she can live for four months. She has a living will which says do not resistate . I do think it over. May know more in the morning...will email/call.
The King's Speec won PGA, DGA and SAG ensemble. Looks like it's winning Best Picture. I am exhausted working on the film and feeling badly for my mother.
Are you in New York this week. Back Tuesday night. Peg
