I am sorry to tell this, but every time you managed to reduce my interest by the intonation of your emails.

That is the explanation of my very short and infrequent e-mails, though I have so much to tell you.

So just leave me and my dick alone, it seems that we are not capable to communicate.

It was a pleasure to know you,
Adieu

P.S.: I have read Lolita in russian, but now I found some quotes in English on the net and will definitely read it in English. Merci.
And I know playing chess.

I can see from your email that you have as many woman hormons that I have man ones. I do not need anyone to judge me and my capacities. And I am tired of your snobbish writing. Enough! I do not what you to write me any more.
P.s.: the question about cities was not banal, I think that you can see better the personality of a person when you know what city he or she prefers. And this question has nothing to do with the terms -city-town-village, etc.
