Title: Re: LA to NY

Spoke to idiot sister in law tonight when I landed. My mother has/had a fever do to infection in her urinary track...and it has made her legs weak...so she can't walk steadily. I am going to the hospital in the morning and find out what is going on. Think mother needs full time medical attendance at home for a while instead of tiny housekeeper who drives. There is discussion about NOT giving her the last round of chemo next week...she turns 87 on Friday. Will call in the morning.

About to take off to New York. Land 10:00pm. Mother taken to Englewood hospital today. Weak. Disoriented. Slight fever. Has completed 5 rounds of chemo. Has one more. Turns 87 on Friday. They are checking heart etc now.

Apparently sister in law called New York doctors and told her to call ambulance and take to Englewood till tomorrow and they are checking her out now.
Will tell more tonight.

Had an amazing time in LA. Have much to tell.
