Over last 2 days Boris and I have been hosting 75 or so [REDACTED] here in Seattle.

Been hectic but fun

My attitude that I am trying to maintain is

Maybe I can't do my job with joy every day but I can do it with optimism.

Met a [REDACTED] who runs CNN Asia. Boris and Steve think I should consider something like a CNN thing

Like be the Christians amanpour for health/development.

Sanjay Gupta does health (and its very cheesy)

Christiane does politics

But I could interview [REDACTED] (Jim Kim now heads world bank, bill is bill) etc.

I could talk to African leaders I know and others

I wouldn't be politically snarky and jerky. I would be smart and kind of critical but funny and hands on, even personal

Dunno just a thought

Do you think I could do it
