Dear Jeffrey,

What a pleasure to be back to New York with a **brand new show** this year!

ONE DROP benefit event featuring the World Premiere of *Zarkana* will take place this year on Wednesday, June 29th at the prestigious Radio City Music Hall. The show will be followed by an exclusive Premiere happening at the Rockefeller Center with my very dear friends like you. **But the best is yet to come**; while we enjoy this spectacular night, we can also do our part for a better world; a world where everyone has access to safe water, today and tomorrow.

For this special night that brings together the mission of ONE DROP and a World Premiere by *Cirque du Soleil*, we have VIP packages of \$10,000 each. This package includes 10 VIP tickets in the prestige section, 10 exclusive invitations to the Premiere happening, delectable food and fine wines, a gift bag and a receipt for tax purposes. We also have a few individual tickets at \$1,250 each with the same benefits. It's time to raise solidarity to a new level... **It's time to raise solidarity to a new level...**

> [Learn more](#)

I sincerely hope we'll share a moment together on June 29th. I am not the only one who can count on your support: many families in need also do... We are fortunate enough to have the power and means to make global changes, so let's join our forces, my friend, and do our part! To be part of it, please [print your RSVP form](#) and send to [REDACTED]

If you have any questions, you can call Humeyra Karsli at the toll free number of ONE DROP at 1 877 661 3767. She will be more than happy to take care of you.

Always yours,

Guy

**Water is essential to all life, water unites us all.  
And, it starts with just ONE DROP.**
