Jeffrey,

I can clearly imagine this particular moment you described. The language is good and it calls for one's imagination, an intriguing introduction

I recall seeing 1000 people suspended upside down with their hands stretched way above their heads reaching for the bright blue sky. I was smack in the middle of a very difficult trick , competing as the youngest ever member of the Russian snowboarding team at the Torino olympics. This was my childhood dream, finally being realized-. My adult dream is to attend Harvard Law , and i hope in the future to be able to recall extraordinary events that take place there with the same clarity. and perspective.and joy.
