I have received the price from Zuber for the larger size runner with the small border. We used the length that Succo Carpets had previously given us of 21'3".

Zuber sell the faux leather by the yard so for 21' (7 yards) the cost is \$ 4340.00 and for 24' ( 8 yards) the cost is \$ 4960.00

The prices they have given me are trade prices so they didn't include tax on it.
