Good Afternoon,

Darren asked for me to rely this to you ASAP

[REDACTED] (painter on LSJ) was approached by a women at the Red Hook Marine after getting off the boat this afternoon - please note she was the only female on board any of the boats. She informed [REDACTED] that she was a reporter trying to get information on Jeffery Epstein. She mentioned Mills & Kathy, Ms Maxwell, Prince William saying she required information and that she was going back at least 10 years. She said she had spoken to a number of people and if [REDACTED] knew anyone with information she good provide big money. She followed [REDACTED] from the Marine over to the other side of Red Hook Main Street, continuing to ask questions

[REDACTED] informed her that she was working in construction and only been on the Island just over 6 months - this being correct. She gave no details on any level [REDACTED] described her as small and pretty with long black hair and strong British accent, she did not give her name but showed [REDACTED] ID which may or may not have been a Press card

We have contacted the LSJ managers giving her description and to let us know if anyone sees her to call

Please advise

Thanks

Warmest regards
