Subject: Steve

He says he is sticking to a schedule this week so he won't quit. He says if he makes it to Friday he will be in a better place.

In 13 yrs I've never seen him so stressed out.

I thought of some good names for ipaws...and some neat peripherals. I know the engineers to build stuff. Was thinking how similar to Alzheimer patients this could be...similar needs. Also thinking of my remote controlled cara and peripherals.
