Hi Larry

Thanks. I know Enrique (KiKi) Rodriguez well. He and his father own a gas station and building at the Time Center across from Fort Mylner.

Cecile

Subject: Re: Fuel Truck

Hi Cecil,

Nicolas Van Heurch from Air Center Helicopter, has a brother-in-law who owns Rodriguez Auto parts and the Gas station on St Thomas, his name is KeeKe, he knows Mr. Maldonado at Esso very well since he purchases car fuel for his gas station in quantity from him,..Keeke spoke to Mr Maldonado today and was receptive to selling us fuel,.

Mr. Maldonado is going to contact me Monday or Tuesday, he is checking to see if his fueling contract enables him to sell Jet fuel to General Aviation aircraft,. currently his contract is for Airlines only,. He was very nice and willing to help us out,. I will keep you posted,.

also,.

Fuel truck dimensions estimate,:

40 to 45 feet long, and roughly 7 feet wide, this would be a 5000 gallon tanker truck to hold Jet fuel, depending on truck manufacture, the size may vary in length. Emad is researching fuel truck options,.

thanks,

Larry
