For protecting me at your dinner with the boys. I know there is appetite for "dirt" and I really am grateful that you are staying off the playground and in the classroom.

Thank you...

Not sure what to do about the breast cancer thing. Complicated when women are involved because his spouse gets very jealous and vindictive, and will perceive it is as threat. It would need to be initiated (but not necessarily completed) by a male. Not Boris. Hope that's not too cryptic.
