I 100% agree you should check yourself out! I think Karen and Jake need to also be sure to keep up with their health...they are young but still...totally fine for you to do this on Tuesday...I let Rich know..

and I do not want you to give [REDACTED] the phone number for Ehud's security guy, Rafi...it is fine for you to take her in there to clean WITH YOU...do not leave her alone in there... You can clean [REDACTED] and [REDACTED] apartments tomorrow with [REDACTED]..they are in Japan...I'm sure they would love to come home to clean apartments...and it gives you something to do with her...

Hi Les,

I been doing physical check for myself just making sure I don't have any problem like my sister while still [REDACTED]. Better to find out early than late. I have [REDACTED] on my [REDACTED] on Tuesday. And it's better to do this week while Mr. Epstein is not here yet. Hope it's okey with you. I have no schedule in 301 at this time, only 11J. Can I bring [REDACTED] there to show what to do in apt.11J. In case I'm working at 71st.  
Thank you so much.
