[REDACTED] re cancelling tonight...if she can't make time for you, then you can't make time for her...

oh really.. I am sorry to hear that. I hope he is not mad. If the viewing at 5:20 is fast I could probably be at his like around 7 so way before 9 but maybe he prefers canceling. Tell him that I am very sorry I thought I was gonna be more flexible today. We worked on our group project until now.
