Oh [REDACTED]s...I just hate this for [REDACTED]...feel so incredibly bad for her...I don't want her to suffer and she does not deserve this...I can't sleep at night thinking about her. Very happy to hear you and your family visited her over the weekend. I know she greatly appreciates to have you all around. I will say prayers for her. and I will let Jeffrey know of your gratitude for helping too. What hospital is she in?

It's been stress and emotional from all of us finding out what she has now. It's hurt and depressing. Why she have to battle another pain in her body. She has enough with [REDACTED] that she has now. Les why? It's so soon? For all the pain that she suffer in her life now she has to fight and battle for another one that we knows it's has no cure at all.
